Invited guests;

**Nanna Hauksdottir, Bente Norbye, Johanna Dahlberg, Rita Jentoft  
and Madeleine Abrandt Dahlgren**

This webinar is a follow up from a workshop by the invited guests at the All together Better Health conference in Oxford September 2016, it will be meaningful also for those who did not attend that workshop. The content will be about how students learn to include the client as partner in the interprofessional collaboration in health care.
